Re: HB 1620

Signed: May 12, 2017

Effective: November 1, 2017

Topic: Adult Day Care Centers

Summary: HB 1620 creates new law requiring that adult day care centers provide 1 hour of in-service training each year related to Alzheimer's and dementia related care. The State Board of Health is required to promulgate rules regarding implementing these standards.

No changes are anticipated for any district policy or procedure, but career techs with adult day care programs should be aware of the new requirements and implement the appropriate training programs.
