RED BANNER UPDATE

Date: April 28, 2017

Re: HB 1755

Signed: April 24, 2017

Effective: Immediately

Topic: Teacher Certification

Summary: HB 1755 amends existing law. Previously individuals whose out-of-country certification was in a language other than English had to be evaluated by a credentialing service approved by the National Association of Credential Evaluation Services. Now those certifications will be evaluated through a credentialing service in accordance with industry standards and guidelines approved by OSDE.

No change is anticipated for any district policy or procedure.
