## RED BANNER UPDATE

**Date:** May 5, 2017

**Re:** SB 0024

**Signed:** May 1, 2017

**Effective:** November 1, 2017

**Topic:** Driver Licenses

**Summary:** SB 0024 amends existing law regarding Department of Public Safety notices related to adverse actions against drivers. Employers could previously only receive notice of adverse actions for commercial vehicle drivers, but that notice option has been expanded to include drivers who operate school or personal vehicles as a part of their employment. This is a fee based service.

No changes are anticipated for any district policy or procedure.
