OCT 14 2015

Michael C. Thompson
Commissioner
Department of Public Safety
P.O. Box 11415
Oklahoma City, Oklahoma 73136

Dear Commissioner Thompson:

This letter is to notify you that the U.S. Department of Homeland Security (DHS) is granting the State of Oklahoma an extension, through October 10, 2016, to meet the standards of the *REAL ID Act of 2005* (REAL ID Act) and its implementing regulation. For the duration of this extension, Federal agencies may accept Oklahoma-issued driver's licenses and identification cards for official purposes in accordance with the phased enforcement schedule and existing agency policies.

The Department recognizes your efforts in enhancing the security of your jurisdiction's driver's licenses and identification cards and has granted this extension based on a review of the information provided. For your convenience, enclosed is a list of regulatory provisions that Oklahoma currently meets, and the provisions that remain outstanding based on this review.

At any time, Oklahoma may submit a compliance package for DHS review in accordance with the procedures set forth in the regulations.

If Oklahoma requests further extensions in the future, upon the time of request, please provide the Department with information regarding Oklahoma's progress towards meeting any outstanding requirements; reasons for any unmet standards; and when the State will seek a determination of compliance from the Department.

Extensions are renewable at the discretion of the Secretary of Homeland Security. Extensions are not an alternative to compliance with the REAL ID Act. They are intended to provide additional time to jurisdictions with outstanding requirements. Failure to document plans to satisfy any outstanding requirements may affect future extension requests.

Michael C. Thompson
