Re: SB 1200

Signed: April 26, 2024

Effective: Upon enactment of a federal law permitting states to enter upon and permanently observe daylight saving time.

Topic: Daylight Saving Time

Summary: This bill creates a new law (25 O.S. § 90.28) concerning daylight saving time. It provides that IF a federal law is passed that authorizes states to observe daylight saving time year-round, Oklahoma shall adopt daylight saving time as the year-round standard of time for the entire state and all its political subdivisions.

The new law includes a stipulation that it will not be construed to affect the standard time established by federal law governing the movement of common carriers engaged in interstate commerce or the time for performance of an act by an officer or department of the United States, as established by a statute, lawful order, rule, or regulation of the United States or an agency thereof.

Legal counsel at the firm does not anticipate any changes to existing district policies associated with this amendment.
